## INDEPENDENT AUDITOR'S REPORT

To the Board of Fire Commissioners  
Hamilton Township Fire District No. 4  
Hamilton, New Jersey

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Hamilton Township Fire District No. 4, in the County of Mercer, State of New Jersey, as of and for the year ended December 31, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Hamilton Township Fire District No. 4, in the County of Mercer, State of New Jersey, as of December 31, 2012, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 9 and 22 through 23, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Hamilton Township Fire District No. 4 basic financial statements. The introductory section and other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 8, 2013, on our consideration of Hamilton Township Fire District No. 4's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hamilton Township Fire District No. 4's internal control over financial reporting and compliance.

## **HAMILTON TOWNSHIP FIRE COMMISSIONERS DISTRICT No. 4**

Management's Discussion and Analysis

For the Year Ended December 31, 2012

Unaudited

The discussion and analysis of the Hamilton Township Fire Commissioners District No. 4's financial performance provides an overall review of the District's financial activities for the year ended December 31, 2012. The intent of the discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

### **Financial Highlights**

Key financial highlights for 2012 are as follows:

Total assets were \$3,833,650 and total liabilities were \$125,679 resulting in a net position of \$3,707,971 at December 31, 2012.

The District's unrestricted net position was \$376,784 at December 31, 2012.

General revenues accounted for \$2,157,117 or 100% of all revenues.

Per generally accepted accounting principles (GAAP) basis, the District had \$2,153,328 in expenses including \$133,326 of depreciation for 2012 and general revenues (primarily taxes) of \$2,157,117, resulting in a change in net position of \$3,789.

Per Non-GAAP budgetary basis, the District had \$2,198,736 in expenditures and capital asset reserves and \$2,293,811 of actual revenue which resulted in \$95,075 of excess revenues over expenditures. The District did not have to utilize any of the \$60,000 of designated surplus of unrestricted funds noted in the 2012 budget, however, \$136,694 of the \$200,000 of designated surplus of restricted reserves designated in the 2012 budget was utilized.

### **Using this Annual Report**

This annual report consists of a series of financial statements and notes to those financial statements. These statements are organized so the reader can understand Hamilton Township Fire Commissioners District No. 4 as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

This annual report consists of the following three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information.

### **Required Financial Statements**

Under GASB 34, any special purpose government entity that has only one major fund (not including fiduciary funds) may show the government-wide and fund financial statements all as part of the basic financial statements. Since the District only has governmental funds the District-wide and fund financial statements are combined in the basic financial statements.

The financial statements of the District report information utilizing the full accrual basis of accounting. The financial statements conform to accounting principles which are generally accepted in the United States of America. The Statement of Net Position and Governmental Funds Balance Sheet includes information on the District's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to District creditors (liabilities). The Statement of Revenues, Expenditures and Changes in Net Position and Governmental Fund Revenues, Expenditures and Changes in Fund Balances identify the District's revenues and expenses for the year ended December 31, 2012.

### Financial Analysis of the District

The Statement of Net Position and Governmental Funds Balance Sheet and the Statement of Revenues, Expenditures and Changes in Net Position and Governmental Fund Revenues, Expenditures and Changes in Fund Balances provide an indication of the District's financial condition. The District's net position reflects the difference between assets and liabilities. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

### Net Position

A summary of the District's Statement of Net Position is presented below.

**Table 1**  
**Condensed Statement of Net Position**

	<u>Governmental Activities 2012</u>	<u>Governmental Activities 2011</u>
Current and Other Assets	\$2,392,665	\$2,373,391
Capital Assets, net of accumulated depreciation	<u>1,440,985</u>	<u>1,435,577</u>
Total Assets	<u>\$3,833,650</u>	<u>\$3,808,968</u>
Liabilities and Net Position:		
Total Liabilities	\$ 125,679	\$ 104,786
Net Position:

Total Liabilities and Net Position	<u>\$3,833,650</u>	<u>\$3,808,968</u>

As Table 1 indicates, total assets increased by \$24,682 from \$3,808,968 to \$3,833,650 during the year ended December 31, 2012. This is comprised of an increase of \$19,274 in cash and cash equivalents and an increase in capital assets, net of depreciation of \$5,408. The net increase in capital assets is due to 2012 depreciation of \$133,326, renovations of \$124,662 to the building, \$8,988 of equipment and \$5,084 of office equipment purchased for use in the building. Total liabilities reflect

an increase of \$20,893. This includes an increase of \$20,893 in accounts payable and accrued expenses at year end.

Table 1 also indicates that total net position increased \$3,789 from \$3,704,182 in 2011 to \$3,707,971 in 2012. This increase is due to \$3,789 of revenue exceeding expenses for 2012. In addition, net position invested in capital assets, net of related debt, increased by \$5,408 (see explanation above.) There was a decrease of \$98,733 in the capital projects reserves. The decrease to capital projects reserves of \$98,733 was due to making renovations to the building and purchasing new equipment for the building for \$138,734 and transferring \$40,000 from unrestricted net position to capital projects per the 2012 budget.

Total Expenses	<u>2,153,328</u>	<u>1,949,150</u>
Increase (Decrease) in Net Position	<u>\$ 3,789</u>	<u>\$(33,723)</u>

The Statement of Activities identifies the various revenue and expense items which affect the change in net position. Table 2 indicates that the District’s total revenues increased by \$241,690. The increase in revenue was primarily due to a decrease in property tax revenues. The total expenses increased by \$204,178. The majority of the change was primarily due to an increase in payroll and payroll taxes as a result of adding 4 new firefighters to the payroll in July 2012.

**Governmental Activities**

The unique nature of property taxes in New Jersey creates the legal requirements to annually seek voter approval for the District operations. Property taxes made up 99.3% of revenues for governmental activities for Hamilton Township Fire Commissioners District No. 4 for 2012 and 98.7% in 2011. The District’s total revenues were \$2,157,117 for the year ended December 31, 2012 and \$1,915,427 for the year ended December 31, 2011. In 2012, the state grant accounted for .6% of revenue and investment income for .1%. In 2011, the state grant accounted for .7% of revenue, other grants for .5% of revenue and investment income for .1%.

The Statement of Revenues, Expenditures and Changes in Net Position shows the cost of program services and the charges for services and grants offsetting those services.

Administration includes expenses associated with administrative and financial supervision of the District.

Cost of Operations and Maintenance involve keeping equipment in an effective working condition.

**The District’s Funds**

All governmental funds (i.e., general fund and capital projects fund) are accounted for using the modified-accrual basis of accounting. Total revenues were \$2,157,117 and expenditures were \$2,153,328. The change in fund balance for the year in the general fund was an increase of \$3,789 including a decrease in the capital projects fund of \$98,733.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the revenues of the General Fund for the year ended December 31, 2012, and the amount of increases and decreases in relation to prior year revenues.

Total	<u>\$2,153,328</u>	<u>\$1,949,150</u>	<u>\$204,178</u>

**Capital Assets**

At the end of the year 2012, the District had \$1,440,985 invested in capital assets net of depreciation. Table 5 shows 2012 balances compared to 2011.

**Table 5  
Capital Assets (Net of Depreciation)**

	<u>2012</u>	<u>2011</u>	<u>Increase (Decrease) from 2011</u>

Total	<u>\$1,440,985</u>	<u>\$1,435,577</u>	<u>\$ 5,408</u>

In 2012, capital assets, net of depreciation increased by \$5,408. The net increase in capital assets is due to booking 2012 depreciation of \$133,326, making renovations of \$124,662 to the building and purchasing \$8,988 of equipment and \$5,084 of office equipment purchased for use in the building.

## **Economic Factors**

For the 2012 year, the Hamilton Township Fire Commissioners District No. 4 was able to sustain its budget through the district tax levy and other sources of revenue. Approximately 99.3% of total revenue is from the local tax levy, while the remaining .7% was from other sources. The tax rate levy per \$100 of property valuation increased from \$.53 in 2011 to \$.60 in 2012.

The Board of Fire Commissioners approved the 2012 budget on December 8, 2011 and adopted the 2012 budget at a special meeting held on January 12, 2012. The voters subsequently approved the budget at the annual fire district election held on February 18, 2012.

## **For the Future**

Hamilton Township Fire Commissioners District No. 4 is presently in good financial condition. The District is proud of its community support.

In conclusion, Hamilton Township Fire Commissioners District No. 4 has committed itself to financial excellence for many years. In addition, the District's system for financial planning, budgeting, and internal financial controls are well regarded. The District plans to continue its sound fiscal management to meet the challenge of the future.

## **Contacting the District's Financial Management**

## **HAMILTON TOWNSHIP FIRE DISTRICT No. 4**

Notes to the Financial Statements

December 31, 2012

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Hamilton Township Fire District No. 4 (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

#### Reporting Entity

Hamilton Township Fire District No. 4 is a political subdivision of the Township of Hamilton, County of Mercer, New Jersey. The District was established to function as a special service district through the adoption of a Township ordinance, to provide fire prevention and suppression services to the residents of Hamilton Township. The District functions independently through a Board of Fire Commissioners. The board is comprised of five members elected to three-year terms. The board is responsible for the fiscal control of the District. The annual Fire District election is held the third Saturday of February.

The fire district is governed by N.J.S.A. 40A:14-70 et al. and is organized as a taxing authority charged with the responsibility of providing the resources necessary to provide firefighting services to the residents within its territory. The Fire District has one fire company within its jurisdiction, the Enterprise Fire Co. which provides a manpower pool of volunteers.

In accordance with the requirements of Statement No. 14, *The Financial Reporting Entity, of the Governmental Accounting Standards Board (GASB)*, the financial statements must present the District (the primary government) and its component units. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Pursuant to this criterion, no component units were identified for inclusion in the accompanying financial statements.

#### Basic Financial Statements – Government-Wide and Fund Financial Statements

The District's basic financial statements (i.e., the statement of net position and the statement of revenues, expenditures, and changes in net position) combine both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds) and report information on all of the nonfiduciary activities of the primary government.

The statement of revenues, expenditures, and changes in net position demonstrates the degree to which the direct expenses of a given function are offset by revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to residents or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

## HAMILTON TOWNSHIP FIRE DISTRICT No. 4

Notes to the Financial Statements

December 31, 2012

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Basic Financial Statements – Government-Wide and Fund Financial Statements (continued)

Taxes and other items not properly included among program revenues are reported as general revenues.

Major individual governmental funds are reported as separate columns in the basic financial statements.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds financial statements are reported using the *current financial resources measurement focus* and the *modified-accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District in general considers revenues available if they are collected within 60 days of the end of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

For the governmental funds financial statements, the District considers all revenues susceptible to accrual and recognizes revenue if the accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met and are recorded at the time of receipt or earlier, if the susceptible to accrual criteria are met.

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all the financial resources and the legally authorized activities of the District except those required to be accounted for in other specialized funds.

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation(continued)

The Capital Projects Fund is used to account for the financial resources for the acquisition of capital assets or the construction of major capital facilities within the District. The financial resources are derived from the issuance of debt or by reservation of fund balance that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

#### Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures of liabilities but rather commitments related to unperformed contracts for goods and services.

#### Revenues and Expenditures

Revenues are recorded when they are determined to be both available and measurable. Generally, fees and other non-tax revenues are recognized when received. Grants from other governments are recognized when qualifying expenditures are incurred. Expenditures are recorded when the related liability is incurred, if measurable, except for unmatured interest on general long-term debt, which is recognized when due.

#### Prepaid Expenses

If any, prepaid expenses recorded on the district-wide financial statements represent payments to vendors for services that will benefit periods beyond December 31, 2012.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America for governmental units requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### Income Taxes

As a public body, the District is exempt from both federal and state taxes existing under statute.

#### Cash and Cash Equivalents

Cash used for the day-to-day operations of the Fire District is in a non-interest bearing checking account and interest bearing savings accounts.

For presentation in the financial statements, investments with an original maturity of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with a maturity of more than three months, if any, are reported as investments.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Cash and Cash Equivalents(continued)

New Jersey fire districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statutes provide a list of permissible investments that may be purchased by New Jersey fire districts.

#### Capital Assets

Capital assets, which include building, building improvements, fire trucks, vehicles and equipment, generally result from expenditures in the governmental funds. These assets are reported on the government –wide statement of net position.

Generally, the District capitalizes assets with an individual cost of \$5,000 or more and a useful life greater than one year. All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The District does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset’s life are not.

Depreciation has been provided over estimated useful lives of the assets using the straight-line method. The estimated useful lives are as follows:

Building	40 years
Building Improvements	7 – 10 years
Equipment	5 – 25 years
Exhaust System	20 years
Office equipment	5 years
Trucks	25 years
Vehicles	7 – 10 years

#### Employee Benefits

Vacation, sick pay and other employee benefits are recorded as expenditures when paid except for other post employment benefits noted in Note 10.

#### Budget and Budgetary Accounting

The District must adopt an annual budget in accordance with N.J.S.A. 40A:14-78.1 et. al. The fire commissioners must introduce and approve the annual budget no later than sixty days prior to the annual election. Upon introduction, the commissioners fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper having substantial circulation in the District. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the fire commissioners may, by majority vote, adopt the budget.

Amendments may be made to the District budget in accordance with N.J.S.A. 40A:14-78.3.

Notes to the Financial Statements

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Budget and Budgetary Accounting (continued)

Subsequent to the adoption of the District budget, the amount of money to be raised by taxation in support of the District budget must appear on the ballot for the annual election for approval of the legal voters.

Fire districts have a prescribed budgetary basis to demonstrate legal compliance. However, budgets are adopted on principally the same basis of accounting utilized for the preparation of the District's financial statements.

#### Fire District Taxes

Upon the proper certification to the assessor of the municipality in which the District is located, the assessor shall assess the amount of taxes to be raised in support of the District's budget in the same manner as all other municipal taxes. The collector or treasurer of the municipality then pays the assessed taxes in four equal installments to the treasurer or custodian of funds of the District.

### NOTE 2 – CASH AND CASH EQUIVALENTS AND CONCENTRATION OF CREDIT RISK

The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Government Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. Seq. establishes the requirements for security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

#### Bank deposits

All bank deposits are classified as to credit risk by the three categories. **Category 1** consists of bank deposits insured or collateralized with securities held by the District or in the District's name by its agent. **Category 2** consists of bank deposits collateralized with securities held by pledging public depository's trust department or agent in the District's name. **Category 3** includes uncollateralized deposits including any deposits that are collateralized with securities held by the pledging public depository or by its trust department or agent but not in the District's name. At December 31, 2012, the District's deposits of \$608,008 are classified as Category 1 deposits.

### NOTE 2 – CASH AND CASH EQUIVALENTS AND CONCENTRATION OF CREDIT RISK (CONTINUED)

#### New Jersey Cash Management Fund

During the year, the District participated in the New Jersey Cash Management Fund. The fund is governed by regulations of the State Investment Council, which prescribes the standards designed to insure the quality of investments in order to minimize the risk to the Fund's participants. At December 31, 2012, \$1,943,670 maintained within the New Jersey Cash Management Fund is not subject to categorization as defined above.

Total Capital Assets, Being Depreciated, Net	<u>\$1,435,577</u>	<u>\$ 5,408</u>	<u>\$ 0</u>	<u>\$1,440,985</u>

Depreciation expense of \$133,326 was charged to governmental activities as part of its cost of operations in 2012. In 2012, the District continued to make improvements to the building purchased in 2010. These costs totaled \$138,734. The District utilized \$2,040 of the \$2,040 of restricted reserves carried over from 2010 and \$136,694 of the \$200,000 of restricted reserves designated in the 2012 budget for these capital improvements.

### NOTE 4 – ACCRUED EXPENSES

Accrued expenses include costs for payroll and related payroll taxes and other operating expenses that were incurred for the year ended December 31, 2012 but were not paid by that date.

### NOTE 5 – UNRESTRICTED NET POSITION

Unrestricted net position at December 31, 2012 totaled \$376,784. Of that amount, \$60,000 is anticipated to be utilized as designated surplus in the 2013 budget.

**NOTE 6 – NET POSITION RESTRICTED FOR CAPITAL PROJECTS**

Net position restricted for capital projects at December 31, 2012, is restricted for the following purposes:

Restricted for future capital purchases:	
Building and improvements	\$ 870,001
Fire apparatus	451,423
Restricted appropriation reserves – 2012	63,306
Undesignated capital reserves	<u>505,472</u>
	<u>\$1,890,202</u>

Of the \$505,472 of undesignated capital reserves, \$0 is anticipated to be used in the 2013 budget for capital purposes.

**NOTE 7 – NJ SUPPLEMENTAL FIRE SERVICES PROGRAM GRANT**

New Jersey Basic Entitlement Grant

Annually, the Supplemental Fire Services Program (SFSP) awards a grant to the Fire District for volunteer fire services. By acceptance of the grant, the Fire District agrees to all obligations and responsibilities pursuant to the SFSP as provided in Ch. 295, P.L., 1985.

The funds are utilized for the purchase of items as defined in compliance with state statutes. The grant was budgeted for \$14,200 for the year ended December 31, 2012. The District received and expended \$14,199 for the year ended December 31, 2012.

**NOTE 8 – PENSION RETIREMENT SYSTEMS**

Description of Pension Retirement Systems

Employees of the District, who are eligible for pension coverage, are covered by the Public Employees' Retirement System or the Police and Firemen's Retirement System of New Jersey, which have been established by state statute and administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the System's terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS). These reports may be obtained by writing to the Division of Pension and Benefits, P.O. Box 295, Trenton, NJ, 08625 or contacting the Division through the internet at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

The plans do not maintain separate records for each reporting unit and, accordingly, the actuarial data for Fire District No. 4 is not available. The employee's portion is deducted weekly from his/her paycheck and is paid to the state monthly. The District's contribution is paid on an annual basis and is

computed and billed by the State Fund. The annual appropriation for 2012 from the State of New Jersey for both PERS and PFRS was \$126,262.

#### Compensated absences

Fire district employees are entitled to one hundred eighty (180) hours of sick time each year. Each employee is entitled to utilize the earned sick time during the calendar year. Unused sick leave shall be paid the last pay period in December each year. Vacation hours are determined based upon number of year's the employee has been with the District. All vacation time must be taken prior to December 31<sup>st</sup> of each year. Benefits to be paid in any future year will be calculated according to a formula outlined in the District's agreement with the employee union and included in the current year's budget. Also, see Note 10 regarding Other Post-Employment Benefits.

### **NOTE 9 – STATEMENT OF NET POSITION – ADJUSTMENTS**

In order to present the statement of net position in accordance with GASB 34, the District needed to make certain adjustments to the general fund balance sheet. The capital assets previously reported in the fixed asset group of accounts, net of accumulated depreciation of \$1,440,985 had to be posted to the general fund. Also, the ending fund balances had to be converted to the net position classifications required under GASB 34. The adjustments shown on the statement of net position accomplish that task.

### **NOTE 10 – OTHER POST-RETIREMENT BENEFITS**

#### HEALTHCARE

##### Plan Description

The Commissioners of Hamilton Township Fire District No. 4, County of Mercer and State of New Jersey contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. The Commissioners of Hamilton Township Fire District No. 4 authorized participation in the SHBP's post-retirement benefit program through a resolution.

### **NOTE 10 – OTHER POST-RETIREMENT BENEFITS (CONTINUED)**

#### HEALTHCARE (CONTINUED)

##### Plan Description (continued)

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

##### Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Commissioners of Hamilton Township Fire District No. 4, County of Mercer, State of New Jersey on a monthly basis. The Fire District funds the cost of these benefits through taxes. The cost of health benefits per retiree is determined by the SHBP. In 2012, there were three (3) retirees receiving benefits.

As of July 2011, under Chapter 78, P.L. 2001, employee contributions for health benefits are required at a specified percentage of the health benefits/prescription drug premiums for a salary range, but not less than 1.5% of salary (as previously required under Chapter 2, P.L. 2010). For local government employees the first year phase in begins upon the expiration of the collective negotiations agreement in effect as of June 28, 2011. For new employees hired on or after June 28, 2011, or after the expiration of a collective negotiations agreement that was in force on June 28, 2011, the employees contribute (without any phase-in) at the full amount of the required contribution rate (4.5% to 35%).

The Hamilton Township Fire District No. 4, County of Mercer, State of New Jersey contribution to SHBP for the year ending December 31, 2012 was \$234,460, of which \$35,746 was for retirees, which equaled the required contributions for the year.

### **NOTE 11 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters.

##### Property and Liability Insurance

The District maintains commercial insurance coverage for property, liability and surety bonds.

Notes to Required Supplementary Information

For the Year Ended December 31, 2012

### **NOTE 1 – BUDGETS/BUDGETARY CONTROL**

Annual budgets are prepared each year for the operations of the fire district. The budgets are approved by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The budgets are then voted upon by the public, at the annual fire district election held on the third Saturday in February. Budgetary transfers may be made during the last two months of the year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Fire Commissioners  
Hamilton Township Fire District No. 4  
Hamilton, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of governmental activities of Hamilton Township Fire District No. 4 as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise Hamilton Township Fire District No. 4's basic financial statements and have issued our report thereon dated August 8, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hamilton Township Fire District No. 4's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hamilton Township Fire District No. 4's internal control. Accordingly, we do not express an opinion on the effectiveness of the Hamilton Township Fire District No. 4's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies. [Finding Number 12-1].

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hamilton Township Fire District No. 4's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not

express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Hamilton Township Fire District No. 4 in a separate letter dated August 8, 2013.

#### Hamilton Township Fire District No. 4's Response to Findings

Hamilton Township Fire District No. 4's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Hamilton Township Fire District No. 4's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

General Comments and Recommendations

For the Year Ended December 31, 2012

### **General Comments**

Our audit examination covered the financial statements of the governmental activities and each major fund of Hamilton Township Fire District No. 4, County of Mercer, New Jersey. The Board of Fire Commissioners is fiscally responsible for the financial position and maintaining proper internal controls for the District.

The financial accounting records of the District were in good condition.

Internal control procedures were lacking in certain areas. (See Schedule of Audit Findings in this report).

Minutes of the Board of Fire Commissioners were properly maintained by the Board Secretary.

### **Acknowledgements**

During the course of the audit, we received the cooperation of the officials of the Fire District and we appreciate the courtesies extended to us.

### **Prior Year Comments**

We identified three audit findings during the prior year audit. Action was taken by the Board of Fire Commissioners to address and correct these findings during the year ended December 31, 2012. For the corrective actions taken by the Board of Fire Commissioners please see the Schedule of Audit Findings in this report.

Schedule of Audit Findings and Responses

For the Year Ended December 31, 2012

This section identifies any significant deficiencies and instances of non-compliance related to the December 31, 2012 financial statements that are required to be reported in accordance with Government Auditing Standards and with audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey.

### **Summary of Audit Results**

1. The auditor's report expresses an unqualified opinion on the financial statements of Hamilton Township Fire District No. 4.
2. There was one (1) significant deficiency, as described in finding 12-01, relating to the audit of the financial statements as reported in the Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. There were no instances of noncompliance or other matters, required to be reported under *Government Auditing Standards*.

### **Findings – Financial Audit Current Year**

#### **12-01 Finding: No written conflict of interest policy with the Fire Commissioners**

While performing our audit and reviewing the District's records, we noted that there was no conflict of interest disclosure document between each Fire Commissioner and the District.

#### **Recommendation:**

We recommend corrective actions be taken to ensure that District has a written conflict of interest policy. The District should have a written conflict of interest policy prepared in conjunction with an experienced attorney and should require any fire commissioner to disclose annually, in writing, any interests that could give rise to conflicts. This policy must be monitored and enforced.

#### **District's Response:**

The Fire Commissioners and the District's attorney developed a conflict of interest policy that was put into effect in January 2013.

## **HAMILTON TOWNSHIP FIRE DISTRICT No. 4**

Schedule of Audit Findings and Responses

For the Year Ended December 31, 2012

### **Current Year Status of Prior Year Findings**

The following prior year findings and recommendations were included with the December 31, 2011 audit report. The District's Response notes the actions taken by the District in 2012 in response to the findings in the 2011 audit report.

**11-01 Finding: The opening balances for 2011 per the accounting records did not reconcile to the balances on the December 31, 2010 audited financial statements and accompanying footnotes.**

While performing our analytical procedures, we noticed that the ending balances per the December 31, 2010 audited financial statements did not agree to the financial records of the District.

**Recommendation:**

We recommend corrective actions be taken to ensure that the accounting records always reconcile to the audited financial statements. The District should make sure that at the end of each audit all audit journal entries approved by the Fire Commissioners are posted to the accounting records and the balances on the audited financial statements are reconciled to the financial records of the District.

**District's Response and Corrective Action Taken:**

The District was aware of the situation and took steps to correct it. At the end of each audit the Treasurer will ensure that the approved audit adjusting entries are posted to the general ledger and the ending balances agree to the audit report. The opening balances for 2012 per the accounting records reconciled to the balances on the December 31, 2011 audited financial statements.

**11-02 Finding: Resolutions to adopt a temporary budget for payments to be made prior to the adoption of the following year's budget pursuant to 40A: 14-78.17 and to appropriate all unexpended and unobligated balances from the current year's budget to be available in the following year were not done.**

While performing our audit procedures we noted that resolutions to cancel prior year appropriations and to adopt a temporary budget for 2012 were not made prior to the end of the fiscal year.

**Recommendation:**

We recommend corrective actions be taken to ensure that District makes the resolutions to adopt a temporary budget for payments to be made prior to the adoption of the following year's budget pursuant to 40A: 14-78.17 and to appropriate all unexpended and unobligated balances from the current year's budget to be available in the following year.
